

Family Talk– Promises of God

READ TOGETHER

Hebrews 10:23–25

1. What stands out from these verses for each of you?
2. What are some ways to motivate your family members in acts of love?

LIVE IT

It can be easy to think about the negative in our lives and in other people, but we aren't called to live that way. We're called to love God and love people. If God were to reach His hand out to you right now would you grasp it weakly or grab onto it with a tight grip hoping to never let go?

As a family, go around the room and say something encouraging to each member of your family. Practice lifting each other up, and continue the habit by encouraging a person outside your family too. The next time you think of a nice thing to say, say it.

LEAN ON GOD

Dear God,

Thank You so much for this day and Your constant reminders that You love us and You will never stop. You can be trusted no matter what, and You will never let us go.

We love You.

Amen.
